

What is Post - Abortion Syndrome?

Post –Abortion Syndrome

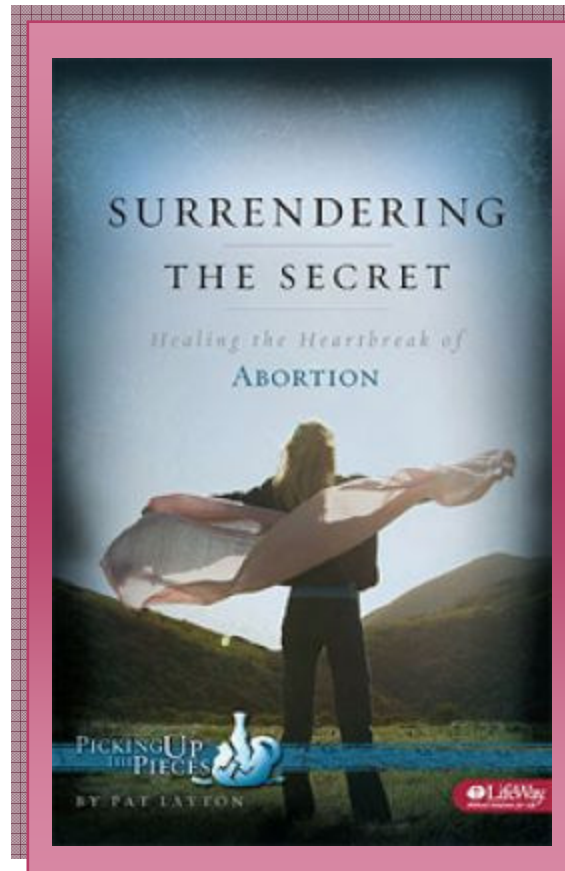

(PAS) is a form of Post Traumatic Stress Disorder.

PTSD is the result of having suffered an event so stressful and so traumatic that the person is taken beyond his/her ability to cope in a normal manner.

Who is at risk for developing PAS?

- Teenagers
- Women who already have children
- Women who have abortions after 12 weeks gestation
- Women who feel pressured by circumstances
- Women struggling with value conflicts

***Surrendering the Secret* is an 8-week closed group designed to bring together women who have faced an abortion in their past.**

Millions of women silently carry the pain and heartbreak of a previous abortion alone.

God desires to heal all of His children from our past and set us on a course toward the abundant life He has planned for us.

Surrendering the Secret leaders are women who have been trained to minister to other women who are hurting from the pain of a past abortion. We provide a safe and confidential environment that facilitates healing and restoration.
