

Sanctity of Human Life Sunday

JANUARY 24, 2010

Dear Christian Leaders,

Sanctity of Human Life Sunday 2010 is nearly upon us. This year prolife groups from across the country will mourn the loss of more than 50 million unborn children since Roe vs. Wade and Doe vs. Bolton were decided 37 years ago.

But even though there is this negative thought about those lost to abortion and the hurt that it's caused women, we can also realize that so much has been accomplished through awareness. And for the first time for decades, the majority of Americans call themselves pro-life.

Because of churches & groups like yours who've stood up and told the truth, and Pregnancy Centers talking one on one to women about their pregnancies, we've been able to help make this happen. Thank you so much for being so supportive in our ministry to help change women's lives.

This year, we have something new to offer you. There is a new film out which you might've already heard about on Fox News & other broadcasts. **Sarah's Choice**. This is a wonderfully put together film and very realistic about a young woman in an unplanned pregnancy situation.

Christian recording artist, **Rebecca St. James** is the starring actress and she does the part so well. This is an excellent film showing all the things that a woman encounters when she finds out she's pregnant; the job stress, pressures of boyfriend, best friend, family and church. Then, she basically has 3 dreams seeing what her future would hold for each decision she may make. This is such a good education in helping everyone understand the emotions and consequences of the situation.

We have secured the rights & license to be able to show this film in Baytown and surrounding towns for the months of **February, March & April**.

If you would like this film to be shown in your church or group, please let us know. We believe you'll think it's well worth the time as your people grow in their understanding of what a woman is going thru during this time of her life.

We've had the option of selling tickets or taking up a love offering for the Pregnancy Center. We've opted for a love offering. But of course, if you'd like to sell tickets, that's fine too. So besides educating and encouraging your flock, you will also be helping our Center.

We are also offering speakers for the month of January. If you're interested, please fill out the following form.

Thank you very much,

JoAnne Leppo, Executive Director
