# Life is Precious

“The King will reply,  
‘Truly I tell you,  
whatever you did for  
one of the least of  
these brothers and  
sisters of mine, you  
did for me.’  
~Matthew 25:40

Every day women have abortions because they feel they have no other choice. Our culture has encouraged the exercise of this constitutional right since 1973 & Roe vs Wade. However, with the overturning of Roe, women are still seeking abortions illegally through pills ordered online and in other countries.

## Can Your Church Make a Difference?

Partnering with Pregnancy Resource Center East you can! We work with clients on an individual basis to meet their needs, to share the gospel, and options that will allow them to choose life for their unborn child.

We help in preventing unwanted pregnancies by educating youth to save sex for marriage. We offer help with healing and forgiveness through post-abortion Bible Study.

Volunteers are always needed, whatever your talents and time you can have an impact!

All our services are FREE to clients; PRCE depends on the Church and community for funding. Your financial support will allow us to continue to reach mothers, babies, and families.
